Broj: 02-05-2-2463/16
Goražde, 06.15.2016.

According Article 15.Paragraph 2. of the Law on Public-Private Partnership (" Official gazette of BPC number 5/13) and Article 35 of the Statute of the municipality of Gorazde, ("Official gazette of Bosnia-Podrinje Canton ", Number: 13 / 07), Mayor of Gorazde, announces:

CALL FOR BIDS

for open tender bids for selecting the private partner in a joint investment in construction and management of sanitary landfills Trešnjica with the Centre for Waste Management on the principle of public-private partnership establishing a joint company.

SUBJECT TO CALL

I

The subject of the public call is for open tender bids for selecting the private partner in a joint investment in construction and management of sanitary landfills Trešnjica with the Centre for Waste Management on the principle of public-private partnership thus establishing a joint company.
In the capacity of the private partner, the right to participate has a domestic or foreign private legal entity registered in accordance with regulations at its seat.

II

The joint company will be established for a period of 30 years. After the period of 30 years the private partner will concede its share to the public partner without any fees or other claims due to the invested funds which will be regulated by thejoint venture contract,which is the essential part of this call for bids.

III

The public partner is investing building land designated as the lot 3710 with area of 938 m2, the lot 3711 with area of 8930 m2, the lot 3712 with area 2637 m2, 3713 with areaof 8813m2, 3714 with area of 1665 m2, 3715 with area of 12774m2, 3716 with area of 15233 m2, 3717 with area of 977m2, 3718with area of 788 m2, 3719 with area of 1316 m2, 3720 with area of 1177 m2, 3724 with area of 479 m2 and 3734 with area of 7947 m2, the total usable area of 63,674 m2, registered in Deed number 95 of Cadaster County“Podhranjen.”
The public partner is obliged, in benefit of the joint company basedon this call, toundertake the actions of building required infrastructure; building the access road, laying down electricity and

providing with industrial and drinking water. The value of the undertaken actions will be determined in the joint venture establishing contract.

IV

The public partner also will provide investment and technical documentation necessary for the main construction project of the landfill referred to in Article I of this call.

V

The private partner invests the funds needed for the main construction project and the implementation project with an audit. The private partner also invests in the construction and in equipping of the above object on the principle of public-private partnerships.

VI

The Public private partner is selected by this call concludes a joint venture contract to build a landfill with the Centre for waste management and to establish a joint company according to the Companies Law, by which will be defined the shares in the founding capital, depending on the amount of the bid on participation of founding capital of the selected private equity partners.

VII

The public partner will, the property and project documents prescribed inArticle I and II of this call, enter in the future company in the amount value that is estimated at the time of conclusion of the contract and thus will become assets of the joint venture.

VIII

The private partner is required to enter funds into the company in the amount equal to the percentage of its share as offered in the bid.

IX

The offer to the Call for bids should contain: necessary declarations and documents prescribed by the tender documentation.

X

The documents of proof must not be older six months from the opening of bids. The documentsare submitted in original or certified copy.
The deadline for the implementation, design, construction and testing of technologies and other parameters is 18 months after establishing the joint venture.

XI

Criteria for selection of the best bid are:
- The total value of investments to participate in future company - score 100,
Each percentage sharein the future company is scored with one point.

The maximum number of points will receive thebid that provides the largest share in the future company, and the rest are reduced proportionally.
The best bidis the one awarded with the highest score.
If two or more bidders offer the same value of investments to participate in future company, the advantage has the bidder whose participation of local manpower and equipment is more than 50%.

XII

The time and place for the review of the tender specification or pick up of the same.

Tender documents will be available every day from 8:00-14:00 hours, starting from 06/20/2016 until 07/19/2016, in the room number 34, Gorazde, The Municipality building atMarsala Tita. 2, Gorazde.
